

Houston SD-WAN CIO Summit 2018

HOW TO BUILD YOUR ROAD MAP TO THE CLOUD

THURSDAY, NOVEMBER 8, 2018 | 11:00AM

As the CIO, you are the driver of digital disruption and transformation. You know it's critical to begin drafting a blueprint today for your cloud migration tomorrow.

Our exclusive CIO Summit is a perfect place to get started. We are bringing together widely recognized thought-leaders in the SD-WAN marketplace to collectively discuss how they migrate, modernize, and innovate on Cloud.

SUMMIT SESSIONS

The Engineer Exchange:

How the enterprise migration to cloud and SaaS applications is changing WAN traffic and architecture.

The Think Tank:

How to leverage digital disruption and cloud technologies to surpass your competition.

The Executive Exchange:

Hands-on Workshop

- Reduce TCO with lower IT costs and complexity
- Hybrid Deployment
- Replenishment and Refresh
- Designing An Open, Flexible Cloud Architecture

SD-WAN, NaaS and UCaaS Partners:
